SIGNATURE SERVICES

CUSTOM COCKTAIL PROGRAMS

Bespoke cocktail programs tailored to your client's vision. From one signature serve to a complete seasonal menu, every program is shaped to fit the event.

FULL BAR SERVICE

We set up and operate a complete open bar built around classics done properly: Negronis, Old Fashioneds, Martinis, Margaritas, Spritzes, and Highballs.

When the event calls for it, we scale with you. A tight selection of classics or a full open bar with 30+ cocktails, built around what the night actually needs.

NON-ALCOHOLIC PROGRAMS

The same fresh ingredients, the same balance, the same care, just without the spirits. The guests who aren't drinking won't feel like they're missing a thing.

FROZEN MARTINI STATION

The station guests find once and keep coming back to. Two frozen martini styles, curated with you in advance, served in ice-cold glasses and kept perfectly frozen from the first pour to the last. Guests choose their own garnish from premium olives, cocktail onions, citrus peels, and finishing oils. No waiting. No over-dilution. Just a perfect martini every time, even in August heat.

ESPRESSO MARTINI STATION

A dedicated station. One drink, done many ways. Choose your spirit: vodka, tequila, mezcal, or rum. Choose your garnish: espresso beans, espresso salt, orange powder, or shaved white chocolate. Ready all night.

SPECIALTY STATIONS

APERITIVO STATION

Not just Aperol. A dedicated station built around a curated selection of aperitifs and vermouths, so guests can explore something beyond the expected. Light, convivial, endlessly sessionable. The perfect way to open any celebration.

AGUAS FRESCAS STATION

Not every standout drink has spirits in it. Made from scratch with fresh fruit and botanicals, our aguas frescas are the detail guests don't expect and can't stop talking about.

Every experience works on its own or in combination, so your client can mix and match to build exactly the night they want.

BEYOND THE BAR

THE FULL WEDDING WEEKEND

One team across every pour of the weekend, from the welcome party to the cocktail hour, the reception, and the farewell brunch. The same standard at every moment, so the bar is one less thing on your run sheet.

CULINARY PARTNERSHIPS

When you want food and beverage handled by one team, we bring vetted culinary partners we trust. Fully optional, and built to slot in alongside the vendors you already work with.

LA TAQUIZA, FeF x El Chato

Our signature food-and-beverage experience, in partnership with Taquería El Chato, a Michelin Bib Gourmand taquería. A live taquiza with a taquero on site, paired with our bar. A standout centerpiece for the client who wants the food to be as memorable as the drinks. Ask us for the La Taquiza guide.

IN GOOD

COMPANY

"Working with Fiesta e Festa was a pleasure from start to finish. Their communication was fast and efficient, every question got a clear, thoughtful response. They created a beautifully designed specialty cocktail menu with fresh juices and thoughtfully sourced ingredients, and both their production and service staff were stellar. The curated bar setup felt truly luxury. I'd recommend them without hesitation."
